The striking yellow colour is FLY series iconic identity. This 5-bladed 52" ceiling fan is Rubine first original model and it was also the fan that gone thru the most trials before sending to the production floor. It comes with an innovative EC/DC motor which is silent in operation and a 6-speed setting that will generate the airflow according to your preference. In a hot country like Singapore, you will need an effective and strong fan, like FLY, to subside the heat. Available in Yellow, Black and White.
