Hate to climb out of that comfy couch just to adjust your ceiling fan speed or light? We know that feeling and WON series has started the initiative to add more smart features to make life simple. Our IT engineer has considered a cloud base controller but decided on a more stable & practical RF remote controller, it is handy and equipped with all the required smart controls to your fan. Now, whether you are lying on the bed or watching your Netflix, it is just an easy touch to your cool breeze. It comes in 2 sizes, 46" & 56", and available in Black, White and Timber.
